

INVITATION TO MEET THE BUYER EVENT

Vale of Leven Wind Farm

Date: Friday 29th May 2026

Time: 10am - 12noon

Venue: Dumbarton FC, The Rock, Castle Road, Dumbarton, G82 1JJ

RSVP: info@valeoflevenwindfarm.com

Coriolis Energy and ESB are progressing the proposed Vale of Leven Wind Farm, located east of the Vale of Leven area in West Dunbartonshire. The project is for 10 turbines up to 220m to blade tip in height, with a capacity of 70MW. The proposal is still to be determined by the Scottish Government and is currently going through a Public Local Inquiry process.

If given the go ahead, the project would represent approximately £30million spend in the Scottish economy. We are a member of the Dunbartonshire Chamber of Commerce and we are committed to working with local businesses where possible to help deliver the project.

We are holding a Meet the Buyer event, which will include networking over tea/coffee, a short presentation and an opportunity to meet some of the team on the project. Please email info@valeoflevenwindfarm.com to confirm your attendance - please include attendee name, company and main areas of interest and/or to ask any questions.

The Coriolis Energy and ESB team are looking to meeting on **Friday 29 May 2026 from 10am - 12noon at [Dumbarton FC](#)** (Castle Road, Dumbarton, G82 1JJ).
